UKI CUP - General Rules

- This event is open to all dogs and handlers irrespective of their level in UKI and their organization affiliation.
- There is no pre-qualification necessary to enter classes.
- There is a separate competition for each jump height.
- Dogs and handlers need to be UKI members. Memberships can be completed online at www.ukagilityinternational.com
- Dogs may only compete in one height throughout the whole event.
- Handlers who are collecting points for Canadian Open Byes must be the same dog and handler partnerships that compete in these events at the Open and must run in the height that the Q's and Bye's were gained at.
- The same handler must compete in both rounds of a class.
- Classes will be run in strict running order. Running orders will be randomly drawn for the first round of each class of Agility Biathlon, Masters Series Heat, Speedstakes Challenge and Games Challenge all consist of 2 rounds.
- Classes will be run under UKI rules and regulations with additional rules detailed below. Any further amendments will be posted and or announced in the event confirmation letter.
- UKI reserves the right to rule at the event on anything not covered in these rules. Any amendments to these rules will be posted.
- Eliminations in all classes except where noted differently in the individual class rules, will score 100 faults.
- No shows in any class except where noted differently in the individual class rules, will score 1000 faults.

The Cup Overall Winner – Each jump height will produce the best scoring dog from the overall results for the following events of Agility Biathlon, Masters Heat, Games Challenge & Speedstakes Challenge. The Winner will be granted an automatic spot in the National Championship Final (Rd 3) and automatic entry into the Masters Series Final at the 2025 UKI Canadian Open.

The Cup Overall Reserve (the 2nd place dog in each jump height) will receive an automatic Bye into RD 2 of the UKI National Championship class at the 2025 UKI Canadian Open

The Cup Biathlon Winner – Each jump height winner of the Cup Biathlon will earn a Bye into RD 2 of the UKI National Championship class. (Eliminations in either class are excluded)

All 4 Cup events: Agility Biathlon, Games Challenge, Masters Heat & Speedstakes Challenge must be entered; running all classes for competition to be eligible for the Cup's Overall Winner result.

The tabulation for the Overall Cup will be based upon the number of dogs entered within each jump height in each event. The winner of the event (i.e. Speedstakes Challenge) will receive the highest points which is equal to the total number entered in that jump height. Example: If 12 dogs are entered in the 22 inch height in the Speedstakes Challenge then the winner will receive 12 points, 2nd place 11, 3rd place 10 and so on. All dogs entered will receive the points based upon their ranking, even if they are not eligible for the Overall awards

- Only one handler may compete with the dog throughout the entire event to be eligible for the Cup's Overall Winner tabulation.
- A no-show in either class will result in disqualification from that competition, including awards and entry into the Cup's Overall Winner result.
- Double Eliminations – for each competition will not be placed in that event and will score 0 for the Cup's Overall Winner tabulation.
- If a dog obtains a double elimination in TWO events, they are no longer eligible for the Cup's Overall tabulation.
- In the event of a tie for the Cups Overall Winner, the Masters Series Heat placement will be the deciding factor and if necessary, followed by the Agility Biathlon, then Speedstakes Challenge, then Games Challenge.
- Should a dog win the Cup's Overall Result but had previously obtained this result at another Cup, the result will not move down to the next placing dog.
- Should the Overall Cup Winner or Reserve winner choose not attend the Open or try out for WAO, these points will not move down to the next placing dog(s).
- If interested in trying out for the WAO Team Canada spots, then you must run in the correct height for the tryout.

- Either round can be run first. Running order for second round will be in reverse order of first round results.
- Cumulative scoring; least faults wins with time as tie breaker only, in all aspects of the Biathlon.
- In the event of a tie for the Agility Biathlon Winner, the scores from the Agility round will determine the winner. If there is still a tie, the dogs will compete in a run-off on the last biathlon course.
- Eliminations in first round will still progress to second round, with E's running random in the beginning of the RO for the second round

Speedstakes Challenge

- Consists of 2 Speedstakes rounds with the results combined.
- Running order for Round 2 will be in reverse order of Round 1 result.
- Cumulative scoring; least faults wins with time as the tie breaker only.
- In the event of a tie for the Speedstakes Challenge, the scores from round 2 will determine the winner. If there is still a tie, the dogs will compete in a run-off on the round 2 course.
- Eliminations in Round 1 will still progress to Round 2 with E's running random in the beginning of the RO for the 2nd Round.

Games Challenge

- Consists of a Snooker round and a Gamblers round with the results combined.
- Running order for Gamblers will run in reverse order of Snooker results.
- Cumulative scoring; highest number of points wins with time as tie breaker only.

- Eliminations (dogs not stopping the timers by going over the finish jump) will score 0 points with SCT as the course time.
- Eliminations in Snooker will still progress to Gamblers with E's running random in the beginning of the RO for the 2nd Round.
- No shows in either round will score -1000 points.

Masters Series

See below for detailed rules

Managing Conflicts for Handlers with Multiple Dogs

In the initial classes of each event a random draw will produce the running order. Handlers with more than one dog will have their running orders altered to achieve the following:

- A gap of 10 dogs (9 dogs between their runs) will be created by moving the first-drawn dog earlier in the running order. If this does not achieve a 10-dog gap then the second-drawn dog will be moved down in the running order.
- If there are not enough dogs in the class to achieve the 10-dog gap the biggest gap possible will be created. If this gap does not achieve the minimum 10 dog gap, then a break of 6 minutes will be given. The 6-minute countdown will start as the handler's first dog crosses the finish line; the handler must enter the ring with their second dog before the countdown is complete.
- Handlers with more than 2 dogs will have their dogs split using the 10-dog gap rule. If there are not enough dogs to achieve this, the dogs will be split evenly through the running order and the 6-minute rule will be adhered to. If a handler has dogs in different height divisions, and the 10 dog gap cannot be achieved, the 6 minutes will run through while the jump heights are being changed.

In seeded classes: A handler must notify the results office within 30 minutes of the results being posted of the previous class in that particular event if they wish to move their running order for the next round or given the 6 minute break. Failure to do so will mean they will be moved.

Canadian Masters Series Tournament Rules

The aim of the Masters Series is to encourage more competitive running in UKI classes and improve the overall standard of top level agility. The Masters has been created for dogs and competitors whose goal is to compete at both National and International level.

- The Masters is considered one class made up of 2 rounds: an Agility and Jumping round with results combined.
- Entry open to ALL dogs of all levels.
- Separate competition for each jump height.
- Running order for second round will be in reverse order of the first runs results. If a handler has 2 dogs entered within a jump height, they may move their first dog up so that there are as many dogs as possible between their dogs. If this is not possible, they will receive a 6 minute break. If a handler has more than 2 dogs within a jump height and the entry is not large enough for a large enough gap in between all their dogs, the first of their dogs drawn will be allowed to run in between a jump height change, if a jump height change is available before their height. If it is not, the final decision will be made by the judge and show manager, taking into consideration fairness to the competitor and other entrants in the Masters Class. Day of Entries must run first within the running orders of the first class. The second class must run in reverse order of placing from first class. Handlers must run for competition in both rounds to receive a combined score and be eligible for the Final, awards & prizes. The dog must run in the height that it will compete at in the Canadian Masters Series Final. The same dog and handler must run both rounds. Any extraordinary circumstances to be ruled by UKI.
- Cumulative scoring; dog with the lowest score wins. Faults converted into seconds (5 faults = 5 seconds) and time faults treated the same as course faults but converted on a 1:1 ratio.
- Winners in each height of the Agility round and the Jumping round qualify for the Masters Series Final. Even if an elimination is scored in either round.
- Eliminations will result in 100 faults with a 60-second course time. Therefore, dogs that score 320 cumulative and over will not be placed nor awarded prize money.
- A no-show or NFC in either class will result in a disqualification from the heat and therefore will not be eligible for individual class placement, overall placement or eligibility to qualify for the Final, and will be scored 1000 faults.
- If 1-5 dogs are entered in a jump height 1st & 2nd place from the combined scores of Agility and Jumping rounds qualify for the Canadian Masters Series Final at the Canadian Open. If 6 – 10 dogs are entered in a jump height 1st - 3rd will qualify, above 10; 1st – 4th will qualify.
- Prize money to be paid out to at each heat for the combined winners per the prize fund below.
- **In the event there is not a monetary winner within a height, the prize money will be sent to UKI to be added to the Masters Series Final.**
- Winners (1st place only) Overall of any Canada Masters Series Heat are also eligible to receive a bye into the Masters Series Final at the US Open (Florida). This can only be used at one of the Opens. If going to both events, 2 byes will be necessary.
- In the event of a tie for the combined results, the result from the Agility round will be the deciding factor.
- If there is still a tie, the dogs will compete in a run-off on the 2nd rounds course. If there is a tie for the Individual class wins, a runoff will be required on that course to determine the winner and subsequent placings.

Dogs left in hot cars, or dogs appearing to be in distress, will be dealt with as seen fit by the Show Management.

Should a judge be unable to fulfill the appointment to judge, the show management reserves the right to appoint another judge. Should circumstances so dictate the show manager, in consultation with the Judges, may alter arrangements as necessary. Such changes and the circumstances surrounding them must be reported to UK Agility International. In the event of abandonment of the show through circumstances beyond our control, the SHOW MANAGEMENT may defray such expenses from the entry fee to cover the cost of the show preparation. These accounts will then be made public.
